and

Development Program

Commencement Dinner

Thursday, June 9, 2005

**Pace Law School
78 North Broadway
White Plains, NY 10603**

Today's leaders must be smart, technically savvy, and experienced in a fast-paced and multifaceted world. They know that to build an enterprise, set its course, and fully leverage the momentum of its products, services, and key employees, experience is critical in a challenging marketplace.

From networking to teamwork to team building and presentations, each Executive Leadership Development Program participant has established foundational experiences that can be drawn upon during times when an extra career perspective is needed.

Congratulations to Class of 2005 Executive Leadership and Development Program
